

Who would you ask to a party? Would it be friends or people that you'd like to be your friends? Would you ask girls and boys that nobody liked?

Some people turned up their noses at Jesus because he ate with people who did wrong things. They didn't realise that they did wrong things too.

The younger son said to his father, 'Give me my share of your money.' The father divided his wealth between his two sons. Then the younger son left home and went to a far country.

Those people thought they were better than others. So Jesus told them a story about a young son, his older brother and their loving father.
